

## 2009-2010 Wish List

This list can change often. Please check back. If we get an item donated or the program purchases an item, we will remove it from this list.

If you can make something that will replace an item on this list or have maybe a different idea, please let us know. Creativity works well in high school baseball! Please contact us if you can get a discounted price on anything listed below as we will be looking to purchase these items as a baseball program. If you would like to donate an item please contact Coach Kiefer. You will receive a letter describing your donation for tax purposes.

If you and/or your business donates to our program there is no promise of PT or making a team for any of the players. Your donation will be for the improvement of the program. Please make your donations with this in mind. Every little bit helps as we build a first-class program.
